Dear client:

To ensure the completeness and accuracy of your evaluation, it is necessary that we gather as much relevant information as possible. To assist us in this task please complete the attached questionnaire, client rights and responsibilities and the separate Driver Risk Inventory answer sheet, as completely and honestly as possible. Failure to completely answer all of the questions will result in your not being accepted for enrollment in the DUI Program. You may be contacted to return to re-take the Driver Risk Inventory Questionnaire if the results indicate an *"invalid test"* for one of several reasons: reading impairment; emotional stress; trying too hard; or guessing, when there are no "good" or "bad" answers; or, providing false information.

The DUI Program will not discuss your file or attendance with parents, spouses, children or attorneys. **You** must ask questions *in person*. No specific information can be given out by telephone.

Thank you for your cooperation,
