

BRIDGING THE WAY TO:

HOPE • HEALING • RECOVERY • RESILIENCE

2022-2023 Annual Report

Building Resilience, Sustaining Excellence

Dear BCI Team, Board of Trustees, and Community Partners,

As we reflect on the past year, it is evident that our commitment to making a positive impact on our community has remained steadfast. ***Our vision and values define BCI and serve as the bedrock for our mission and purpose.*** With these principles as our guide, we will continue to provide comprehensive behavioral health, primary care, and housing services for the residents of Okaloosa County.

Our exceptional staff, valued community partners, and supportive public leaders are integral to our collective vision of improving the quality of life for our community's most vulnerable members. We cannot achieve our success or accomplish our goals without your help for which we are truly grateful.

“Throughout our history, BCI has consistently demonstrated our ability to adapt to change with innovative services and programs. Today, we find ourselves again collaborating with our partners, clients, and stakeholders to pave the way forward. While our focus is not solely on expansion, our excellence in what we do has led to our growth affirming that we are on the right path. Responsive leadership and the capacity to assist others in building a resilient future are embedded in our DNA.”

Our overarching aspiration is to be Okaloosa County's leader in delivering transformative services. This ambition shapes our strategic decisions, propelling us towards new programs and challenges. Balancing technological advancements while ensuring the fidelity of the person-to-person therapeutic experience is at the forefront of our daily concerns.

Our staff are the heart of our endeavors. Recognizing that the best performance emerges from the best talent, we are committed to ensuring our staff feel supported and appreciated. The principles of ***“treating everyone with dignity and respect”*** and ***“taking care of each other”*** direct how we navigate constant change and reinforce our commitment to our purpose and mission.

The well-being of our staff and the delivery of exemplary services remain our paramount priorities. As we continue this journey, let us stay united in our dedication to serving others, providing hope, and pursuing excellence. Thank you for your unwavering dedication to our success.

Bonnie R. Barlow, SHRM, SCP, SPHR
President / Chief Executive Officer
