DUI Program
Risk Reduction Educational Services

Dear client:

To ensure the completeness and accuracy of your evaluation, it is necessary that we gather as much relevant information as possible. To assist us in this task please complete the attached questionnaire, client rights and responsibilities and the separate Driver Risk Inventory answer sheet, as completely and honestly as possible. Failure to completely answer all of the questions will result in your not being accepted for enrollment in the DUI Program. You may be contacted to return to re-take the Driver Risk Inventory Questionnaire if the results indicate an *"invalid test"* for one of several reasons: reading impairment; emotional stress; trying too hard; or guessing, when there are no "good" or "bad" answers; or, providing false information.

The DUI Program will not discuss your file or attendance with parents, spouses, children or attorneys. **You** must ask questions *in person*. No specific information can be given out by telephone.

Thank you for your cooperation,

We can evaluate you and if you have a contagious disease, and if you want us to, we will help you find counseling or treatment for that disease. We will not discriminate against you or refuse you treatment because of any contagious disease.)

As a client of Bridgeway Center, Inc., you must understand that Bridgeway accepts and will not discriminate against HIV Positive persons for mental health and alcohol/drug abuse treatment and will not discriminate against employees or in its hiring practices against a HIV positive person.

Any knowledge of the presence of the virus will be handled with confidentiality in accordance with federal and state laws and to the degree clinically practical. You will have the opportunity to ask questions regarding these issues and HIV-related risks involved.
